

## 1st Semester Reflection

Celebrations:

Spend time noticing what is working.

|  |  |
|--|--|
| What is distracting us that we need to let go?   |  |
| Where are we going?                              |  |
| Where are we now?                                |  |
| How do we move learning forward?                 |  |
| Who has benefited and who has not?               |  |
| What can we do for those who have not benefited? |  |
